All returns are net of management fees and fund expenses, expressed as a percentage and are based on Class A assets. Returns for periods less than one year are not annualized. The performance data provided is not intended to reflect future value of any mutual fund or returns on investment in any mutual fund. Net Asset Value, Fund Assets and Annualized % return data is as at February 28, 2021.

*The benchmark is a composite based on an assumed asset mix of 40% Bloomberg Barclays U.S. Aggregate Bond Index, 45% MSCI All Country World Index, 12% S&P 500 Index and 3% S&P/TSX Composite Index.

The management fee is based on an assumed asset mix of 40% Scotia US Dollar Bond Fund, 45% Scotia Global Equity Fund, 12% Scotia US Equity Fund and 3% Scotia Canadian Equity Fund.

Portfolio holdings data is as at February 28, 2021.

Important information concerning the investment goals, risks, charges and expenses of investing in mutual funds is contained in the relevant prospectus. Investors should carefully consider these before investing. Copies of the prospectus for each one of the funds in this model portfolio are available from the financial institution where you are buying the mutual fund and should be read before investing. Commissions, management fees and expenses all may be associated with mutual fund investments. Mutual Funds are not guaranteed or covered by your local Deposit Insurance Corporation, other government deposit insurer, The Bank of Nova Scotia, or its subsidiaries/affiliates, their values change frequently, and you may not get back the original amount you invested. This is for informational purposes only and is subject to change without notice. Always consult your professional tax and legal advisors with respect to your particular circumstances. Nothing herein is intended to constitute an offer or solicitation to transact business for products or services in any jurisdiction where such an offer or solicitation would be unlawful. This does not constitute an invitation to purchase or sell shares of the Funds. Past performance should not be treated as an indicator of future performance. The performance data provided assumes reinvestment of distributions and does not take into account sales charges or management fees, redemptions, distributions or taxes which would have reduced returns. The calculation of total cumulative returns assumes the reinvestment of all interest income at the share price immediately after the distribution of interest income. Performance is subject to variations and is likely to change over time.
